Unitex

85 Years of Commitment, Service and Integrity

Unitex meets and/or surpasses all OSHA and CDCP guidelines. Automated laundering processes are expertly managed to achieve full regulatory compliance. Our reusable, fluid resistant surgical apparel meets all guidelines and is preferred by most physicians over the disposable alternative.

Unitex Textile Rental Services has been a leader in the healthcare uniform and linen rental industry for over 80 years. We are a fourth generation family owned and operated company and are committed to continue to function in this fashion. In these times of consolidation, we feel that we can serve our clients most effectively through close contact with our business.

Customer loyalty, as well as the commitment of our team members, each of whom contributes to the high level of service we deliver to our valued clients has allowed Unitex to become the nation's largest privately held company in the healthcare laundry industry. Our competitive pricing and overall value we provide are complemented by the quality of our expansive product line, tailored programs to fit client requirements and attention to cost containment. We take an active role in reviewing how you use our products and service so we can support you by looking at conservation opportunities.

Our customer base consists of more than 3,000 clients throughout the Northeast. Many of our clients include hospitals, nursing homes, surgi-centers and diagnostic clinics, as well as professional, medical, free standing ambulatory/outpatient facilities and dental offices. We are committed to supplying the finest quality linen and uniforms available in the market to our clients. With this commitment comes the continual search for the most technologically advanced materials for use in clinical and diagnostic arenas.

Our aggressive capital improvement goals for our current and future facilities reinforce our commitment to our customers to be the low cost producer in the marketplace. As we continue to automate our production facilities, we will improve our efficiencies and raise the level of consistent service we provide even beyond what we are delivering currently.

We currently operate nine processing facilities and one garment warehouse throughout the Northeast. The locations of the facilities which comprise the healthcare division are Mount Vernon , NY, Monroe , NY , Middletown , NY , Hartford , CT and South Windsor , CT as well as an affiliate in New Bedford , MA . Our facilities in Perth Amboy , NJ and Middlebury , CT process the personal clothing of nursing home residents as well as specialized healthcare items such as surgical linen products and offer surgical linen pack assembly. Our healthcare uniform processing facilities in Mount Vernon, NY and Hartford , CT specialize in laundering all types of garments and medical apparel for hospitals as well as surgi-centers, imaging centers, professional, medical and dental offices.

Why Unitex?

Automated data collection through bar code technology creates an opportunity to provide you with valuable management information. Customized medical apparel programs work to satisfy each member of your staff.

Where to use?

Acute Care Facilities, Surgical/Ambulatory Centers, & Medical Practices, Outpatient Facilities and Hospital Offsite Facilities.

The Unitex Difference:

Straightforward billing practices and responsive service to meet your expectations.

1. Warm up Jackets
2. Scrub Apparel
3. Lab Coats

MANAGEMENT SERVICES

Specialized Products:

Linen management software
Departmental linen tracking

Why Unitex?

Unitex is the only service provider that has created a separate division whose sole focus is onsite linen and uniform management programs through Unitex staff at your facility on a full-time basis. We can customize our onsite program to fit your specific requirements and create documentation that records the critical areas that you define for us. Constant communication and feedback from the end-users makes this program the most effective in the industry. Our team is here to help you actively assist in managing your laundry requirements, educate and coach your team on new products and industry advancements as well as product usage.

Where to use?

Onsite linen and uniform distribution and collection areas and linen storage areas.

The Unitex Difference:

We are the only linen and laundry service provider to have a dedicated staff of linen management team members in the county. This allows us to create the most effective distribution and conservation programs at your facility.

UNIFORM SERVICES

Specialized Products:

Personalized uniforms, chefwear and kitchen apparel for your team allows you to improve your presentation and corporate identity by displaying attractive logos and embroidery. In addition, we provide table linen, aprons and kitchen towels to enhance your overall appearance.
